Internship

2014

Netherlands Court of Audit, The Hague (in Dutch: Algemene Rekenkamer)

During my bachelor study, I completed a three-month internship at the Netherlands Court of Audit, specifically at the department of Defence, Foreign Affairs, and Development Aid. Most of my duties were tied to two projects. The first project was focused on the financing of the NATO, for which I collected publicly available information on the different flows of money to the NATO. The second project involved researching the public and private flows of money between the Netherlands and Afghanistan.

Skills

- Some knowledge and experience with (semi-)structured interviews
- Excellent knowledge and experience with SPSS and Excel
- Intermediate knowledge and experience with R
- Introductory knowledge and experience with LISREL, Python and Stata

Other activities

2016-2017

Treasurer at the study association Mosaic Nijmegen, tied to the research master Social and Cultural Science.

2015-2016

Member of the program committee of the research master Social and Cultural Science.

2010-2012

Group leader of theatre group Focus Junior.
